TECHNICAL SPECIFICATION

ALL-ELECTRIC 500 MY23

	Maximum Power HP kW	Acceleration 0-62 mph - sec	Top Speed mph	Electric Range WLTP Combined Miles (km) g/km	Charge Power kW	Charging Times		
						2.3 kW AC 0-100%	11 kW AC 0-100%	85 kW DC 0-80%
24 kWh (City Range)	95 (70)	9.5	84	118 (190)	up to 50	8h45'	2h30'	30'
42 kWh (Long Range)	118 (87)	9	93	186 - 199 (299 - 320)	up to 85	15h15'	4h15'	35'

Electric range 115 to 199 miles (Combined). These figures were obtained after the battery had been fully charged. The Fiat 500e is a battery electric vehicle requiring mains electricity for charging. Figures shown are for comparability purposes. Only compare fuel consumption, CO₂ and electric range figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, accessories fitted (post-registration), variations in weather, driving styles and vehicle load.

FURTHER INFORMATION

On The Road charges (OTR) include:

- 12 Months Government Vehicle Excise duty depending on CO2 emissions, vehicle first registration fee (£55), number plate (£26) and delivery costs (£750).

The Government have made the following changes to VED:

- Cars registered after April 1st 2018 will pay a one-off tax charge for the first year (included in OTR price), with rates decided by the CO2 emissions of the vehicle.
- From the second year onwards, the CO2 scale becomes irrelevant, as two flat rates will then be applied – a £0 (zero) VED rate for electric zero-emissions vehicles only, and a flat annual rate of £165 for petrol and diesel cars and £155 for alternative fuel cars.
- While cars costing over £40,000 will also be liable for the £165 VED rate from year two, they also pay an additional annual 'supplement' of £355 for the first five years.

CO ₂ Emissions Figure (g/km)	0	1-50	51-75	76-90	91-100	101-110	111-130	131-150	151-170	171-190	191-225	226-255	Over 255
Petrol car/diesel car* (tax class 48 and 49)	£0	£10	£30	£130	£165	£185	£210	£255	£645	£1,040	£1,565	£2,220	£2,605
Diesel car** (tax class 49)	£0	£30	£130	£165	£185	£210	£255	£645	£1,040	£1,565	£2,220	£2,605	£2,605
Alternative fuel car (tax class 59)	£0	£0	£20	£120	£155	£175	£200	£245	£635	£1,030	£1,555	£2,210	£2,595

*Diesel cars tested to RDE2 standards.

**Diesel cars tested to RDE standards.

FUEL CONSUMPTION

Fuel consumption and CO₂ figures are determined on the basis of the new WLTP test procedure as per Regulation (EU) 2017/1347. Figures shown are for comparability purposes; only compare fuel consumption and CO₂ figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load.

TECHNICAL SPECIFICATION

ALL-ELECTRIC 500 MY22

	Maximum Power HP kW	Acceleration 0-62 mph - sec	Top Speed mph	Electric Range WLTP Combined Miles (km) g/km	Charge Power kW	Charging Times		
						2.3 kW AC 0-100%	11 kW AC 0-100%	85 kW DC 0-80%
24 kWh (City Range)	95 (70)	9.5	84	118 (190)	up to 50	8h45'	2h30'	30'
42 kWh (Long Range)	118 (87)	9	93	186 - 199 (299 - 320)	up to 85	15h15'	4h15'	35'

Electric range 115 to 199 miles (Combined). These figures were obtained after the battery had been fully charged. The Fiat 500e is a battery electric vehicle requiring mains electricity for charging. Figures shown are for comparability purposes. Only compare fuel consumption, CO₂ and electric range figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, accessories fitted (post-registration), variations in weather, driving styles and vehicle load.

STANDARD EQUIPMENT - MAIN FEATURES
