FURTHER INFORMATION

On The Road charges (OTR) include:

- 12 Months Government Vehicle Excise duty depending on CO2 emissions, vehicle first registration fee (£55), number plate (£26) and delivery costs (£800).

The Government have made the following changes to VED:

- Cars registered on or after April 1st 2026 will pay a one-off tax charge for the first year (included in OTR price), with rates decided by the CO2 emissions of the vehicle. Vehicles priced over £40,000 will also be subject to the "Expensive Vehicle Supplement.
- From the second year onwards, the CO2 scale becomes irrelevant, a flat annual rate will then be applied of £195 for all cars.

VED Rates for 2026/2027 for cars registered after April 1st 2026:

CO ₂ Emissions Figure (g/km)	0	1-50	51-75	76-90	91-100	101-110	111-130	131-150	151-170	171-190	191-225	226-255	Over 255
Petrol / Alternative Fuel / Zero Emission cars	£10	£115	£135	£280	£365	£405	£455	£560	£1,410	£2,270	£3,420	£4,850	£5,690

FUEL CONSUMPTION

Fuel consumption and CO₂ figures are determined on the basis of the new WLTP test procedure as per Regulation (EU) 2017/1347. Figures shown are for comparability purposes; only compare fuel consumption and CO₂ figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load.
